

BAYSWATERMARINA

TERMS AND CONDITIONS

In accepting a Bayswater Marina Security Card the Cardholder accepts that:

- (a) The Security Card has been issued to you – the cardholder, but remains at all times the property of Bayswater Marina Services (BWMS).
- (b) A bond value will be held whilst the card is issued to a cardholder.
- (c) The card is only valid for the period of rental, and will become unusable after that time.
- (d) Should the cardholder lose or misplace the card, it is the cardholder's responsibility to notify the Marina Management Office as soon as possible so a new card can be issued and the old one suspended or cancelled.
- (e) The card should be returned in a working condition without damage to receive a full bond refund.
- (f) The card will allow the access to certain areas of the marina, as agreed by BWMS. Initially the cardholder is given access to only the pier on which their vessel/berth is located, however access to other piers can be granted by request.
- (g) Bayswater Marina electronically keeps a record of the cardholder's movements in and out of the marina for it and its associated companies, for the purposes of maintaining security and will not be passed onto others.
- (h) Electronically locking times of the pier access gates will be published, but may be adjusted at BWMS's discretion, due to such factors as daylight savings or certain weather conditions.
- (i) BWMS reserves the right to issue cards to individuals or companies who are not berth owners or renters but are trades people, service personnel or others. In this instance the card will be valid for the period of their public liability insurance.
- (j) BWMS reserves the right to temporarily 'suspend' the use of an issued card if any such monies are outstanding for such things as Operating Expenses and Marina Rental payments.
